

Pretty polka and modern floral gifts reign supreme in the home

The classic polka dot is the pattern of the moment. Adorned with the signature Royal Albert roses, the **Gorgeous Gift** range makes it easy to add a feminine touch to the home or choose the perfect gift for a friend. A mixture of pretty pastel shades and bold accents, we just love this cheerful collection of interior treats.

The set of three vases is available in a range of heights, creating a stunning cluster of gorgeous blooms and bringing your home to life. Available in white, pink and mint green, the vases add a whimsical, vintage touch, whether it's the centre piece of the dining table or adding a welcoming fee to the living room. No respectable tea party is complete without a white rabbit; so make sure guests know it's a very important date by inviting the white and pink polka dot rabbit along. Dressed for the occasion, he also has Royal Albert roses emblazoned on his coat. Making a fun addition to the afternoon tea spread he also has a place in the study, living room or bedroom.

Featuring a vintage jewel box RRP \$59.95, Votive holders (Set 3) RRP \$49.95, Vases (Set 3) RRP \$49.95 and the most adorable Bunny RRP \$99.95; Gorgeous Gifts has something for everyone, adding a touch of femininity to the home.
